BESTTRANSPORT NAMED TOP 100 LOGISTICS IT PROVIDER BY INBOUND LOGISTICS MAGAZINE

*Company's Transportation Management Software Cited for Substantial Contribution to a
Business's Bottom Line*

April 14, 2015 – Columbus, OH – [BestTransport](#), a leading provider of cloud-based Transportation Management (TMS) solutions, today announced it has been named a Top 100 Logistics IT Provider for 2015. This award is made annually by Inbound Logistics Magazine, and the company's inclusion in this elite list marks the eighth time BestTransport has received this honor.

“To select our Top 100 Logistics IT Providers list for 2015, Inbound Logistics editors focused on candidates' ability to optimize internal transport and logistics operations”, stated Felecia Stratton, Editor, Inbound Logistics. “On a more strategic level, editors looked at the degree to which the vendors' solutions were able to have a transformational impact on outward-facing business activities and drive internal and external business process integration.”

“BestTransport was selected because its solutions solve specific logistics challenges and improve processes, and create a ripple effect of efficiencies across the entire value chain. Inbound Logistics is proud to honor BestTransport for innovative solutions empowering logistics and supply chain excellence in 2015.”

Said Mike Dolan, CEO of BestTransport, “To be named to the Top 100 Logistics IT Providers again for 2015 is an honor and a reflection of our constant effort to be the best in the business. BestTransport is proud of our ability to support large, complex supply chains and give our global customers a world-class cloud-based transportation management capability.”

About BestTransport

BestTransport is a leading provider of cloud-based Transportation Management Solutions (TMS) which enable manufacturers, distributors, suppliers and freight and parcel carriers to efficiently plan, execute and manage all aspects of their shipping transport operations. BestTransport's TMS can reduce a company's overall transportation spend, enable tighter cost management and expense avoidance, provides enhanced shipment visibility,

benchmarking and facilitates collaboration between shippers and carriers.
BestTransport's customers move more than a billion dollars of freight to and from thousands of domestic and international locations using our TMS software as their backbone for shipping their goods to customers.

BestTransport has leading shippers moving multi-modal freight on its network, including industry leaders Alcoa, Allegheny Technologies, Worthington Industries, Olin Brass and Groupe Saint-Gobain. More information is available at www.besttransport.com.
